President at the White House again.

On the 28 of Sept. after an absence of thirteen weeks spent at Water Bay, President Roosevelt returned to Washington in his special train over the Pennsylvania railroad arriving at 4 o'clock in the evening the President was accompanied by Mrs. Roosevelt, Miss Alice Roosevelt, and other members of his family—And when he entered the carriage the President was greeted by several hundred people who cheered him.

RACE WAR

It appears that there is men, if it is credit to call them men—Who are enemies to them selves and all good government, and we believe such are they, that after there has been a half million lives given in behalf of the cause that freed the negro—And now get up a trouble that would cost our government more trouble than has ever been on her shoulders.

We say, if a colored man commits a crime punish him with the extent of the Law or a white man either—If the negro is to be expunged from their homes in America where will you send them, to some other man's home? If so why not gather up all the white criminals and send them off to the other man's home? One is just as plausible as the other, and there is no justice in either one. And the American authorities boast of their justice.

We are not teaching equality but justice.

SOFIA, Bulgaria, Sept. 25.—Rumors are current here that Bulgaria has sent an ultimatum to Turkey announcing that unless satisfactory assurances are received before noon today that the Ottoman troops will be withdrawn immediately from the frontier Bulgaria will forthwith mobilize her whole army. The reports, however, are categorically denied and the foreign office there declare that no

such ultimatum has been sent. The officials add that the situation is unchanged.

SOFIA, Sept. 25.—A report from Varan announces that 500 old men, women and children, starving and nearly naked have arrived there from Barga, where they were unable to find shelter.

VIRENA Sept. 25.—It is rumored that the Russian note which was handed to the Bulgarian government tonight has caused much excitement in Sofia. The note recognized Turkey as the premier power in the Balkans and admits her right to suppress the rebellion in her own territory as she thinks best.—The Springfield Republican.

J. H. Tillman is on Trial.

At LEXINGTON, Ky., Sept. 28.—J. H. Tillman ex-lieutenant governor of South Carolina, was arraigned in the circuit court for Lexington county under an indictment accusing him of the murder of N. G. Gonzales, editor of the Columbia State. The trial is being conducted on behalf of the state by Solicitor Thurmons, assisted by five attorneys, while 11 lawyers, with Judge Croft as chief counsel, appeared for the defense. Judge Frank B. Gary is presiding. The impaneling of the jury was begun immediately after the arraignment.

Mr. Gonzales was shot in the streets of Columbia, January 15. He was unarmed. Tillman in passing Gonzales simply drew a revolver and fired. Gonzales after falling to the ground said: "Shoot again, you coward." Gonzales had been a bitter opponent of Tillman in politics many years—No Race War in this, nothing but political enmity.

TROUBLE

AT SAULT STE. MARIE, MICH.

On Sept. 28, there was quite a trouble by the discharged employes of the consolidated Lake Superior Company. After they had been put off with promises time and again for the promised wages, which they claimed of the Company on the above date broke away from all restraint of a large force of special Police, and smashed every window in the magnificent office building of the Company in the Canadian Soo, and only was held from the upper story at the muzzles of revolvers held in the hands of the officers of the Company. There was a regiment of soldiers arrived and prepared a dead line and by this kept off the angry workman.

SNOW IN THE BALK-INS

GREAT HARDSHIPS FOR THE REFUGEES.

THE WITHDRAWAL OF AMERICAN SHIPS FROM BEAUTIS NOT LIKELY AT PRESENT.

Monastir, Macedonia, Tuesday, Sept. 22, via Sofia, Bulgaria, Sept. 28.—Snow has fallen on the higher mountain ranges and the refugees must either leave their hiding places or suffer the greatest hardships.

The Turkish troops continue to slaughter refugees who return to their former homes, at the instigation of the government which promised them protection. Near the village of Zlaten, in the neighborhood of Resena, the troops found fifteen of the returned refugees working in a field. They bound their hands, drove them into a ditch and then massacred fourteen of the peasants. One of them survived his wounds. Refugee woman soon discovered the bodies and carried the survivor before the lieutenant governor of Resena, who refused to hear their story. One hundred and twenty Bulgarians, including four priests who have been exiled by the Turkish authorities, left Monastir yesterday.

DR. FOWELL, IS ONE OF SOUTH MISSOURI'S ABLEST PHYSICIANS; BE IS WORTHY OF HIS PROFESSION.

MR. LANDENBERGER, in his following statement is a little bit mistaken in regard to the point in which he accuses us of mistating or misrepresenting Mr. Swedenborg. The statement he refers to is quoted from a Masonic Manual as he will see by examining the conclusion of the subject in the same paper—And as we stated in a former issue that we were quoting these things in succession on the account of us having those Manuals and should return them to their owners at the earliest possible moment and then in the future we expect to use them in their proper place and correct all mistakes hopping from this statement that Bro. Landenburger will prayerfully wait until we are through with the manuals we then shall take up each subject to itself and do justice to all and harm to none.

Editor CRESSET—

In your issue of Aug. 20th, there is a statement in the article on "Freemasonry and Odd-fellowship" that is not in accord with the facts—At the top of the fourth column of the last page you made it appear that Swedenborg was a Theosophist: "Several Masonic systems were theosophical as for example the rites of Swedenborg, St. Martin and Zinnendorf etc." Swedenborg was neither a Theosophist, nor did he give mankind a Masonic system.

"A Theosophist is one who believes in re-incarnation. The teachings of Theosophy do not regard Jesus Christ as deity.

Swedenborg, on the other hand, in all his works shows that death is the continuation of life in the spiritual world and in the other world there is plentiful opportunity for the unfoldment of man's nature, and that there is no need of coming back into the flesh, and what is more, it is an impossibility.

Furthermore Swedenborg in all his writings shows that the central teaching of the Scriptures is that the Lord, who was Jehovah from eternity, came into the world and wrought redemption, and that He is the God of heaven and earth; He was the Creator, in the fulness of time became the redeemer and is to eternity the Regenerator.

The teachings of the Emanuel Swedenborg, are not a Masonic System; he never speaks of them as such, and if men think they are, it results from not seeing that one of his missions to the world was to give us a key to unlock the hidden things in the scriptures, viz, the science of correspondences. He shows that the scriptures

have been written according to the relation between natural and spiritual things—it is the language of the Lord, which language is that of the parable.—This means not only that there is a spiritual meaning in the parables spoken by the Lord, but that in all things of the Old and new Testaments there is an inner meaning. This great truth that there is an inner and an outer meaning to the Word was represented by the Lord coming clothed to men in a garment of seams and an inner garment woven from the top throughout, for he was the Word. The outer garment represented the literal sense of the Word and the seamless garment the spiritual sense. It was the mission of Swedenborg, among other things, to make this spiritual sense known, or more properly speaking, the Lord has revealed the spiritual sense of His Word through Swedenborg his chosen and prepared servant.

But as the science of correspondence is not alone sufficient to enable one to understand the Word of the Lord has also revealed the true doctrines of its holy letter.

The nature of man's mind and the life of heaven and hell—And hundreds of things have been made known through this "Servant of the Lord Jesus Christ" as he designates himself, which, to be appreciated, must be read. The second coming of the Lord is a coming in the Word opened and a revelation of the great facts of the spiritual world. It is only because mankind is so natural that the cry of "mystical" is heard when the deeper truths of God's Word are unfolded. But such as have an affection for interior truth, and the life which it teaches, find themselves experiencing in a spiritual way what the Queen of the South did in a natural way when she saw Solomon's riches and heard his wisdom. "The half has never been told."

"They find the word adorned with all manner of precious 'ornaments' Truths, because the letter is illumined by the light of the spiritual sense. Trusting you will print this in the interest of the truth.

I am yours truly;
—J. G. Landenburger.
